

St. Clement PREP Food Policy

As stated previously, there is to be **ABSOLUTELY NO FOOD** given to any PREP student at any time – EVER!!!!

We have many, many children in the program with **food allergies** including wheat, gluten, nuts and seeds, peanut butter, etc. In addition, we have several children with **juvenile diabetes**. This policy must be strictly adhered to.

Please read and sign below:

I understand that giving food to the St. Clement PREP students is strictly prohibited. I agree to comply with this policy and will not bring or offer and child anything at all to eat while in my care at PREP. I further understand that should I offer a child under my supervision food, complete liability rests on me.
